

I started life as a Southern Baptist and came to saving faith as a young child (about 8). My early life included regular Sunday School, Training Union and studying the Bible.

Early in life I decided I wanted to be a nurse, so after graduation from High School, I entered Orange Memorial School of Nursing (now ORMC) and was a part of the final graduating class of 1973. I worked for 40+ years in Pediatric ICU, Adult ICU, CCU, served as a Critical Care Educator and finally retired 10 years ago.

I met my husband Scott (now Canon to the Ordinary) when he was in college and we started dating. Shortly after that I was confirmed in the Episcopal Church and we were married. Over our 48 years of marriage, I have been a mother of 5, grandmother of 14, faithful clergy spouse, dedicated member of the Daughters of the King, have taught Sunday School classes, led Youth Groups, been an integral part of several Stewardship Committee's, Outreach Committees, and served as a lay deputy to the last General Convention.

I can usually be found in the church working behind the scenes. I am a member of Christ Episcopal Church, Melbourne. I have served in many leadership capacities and lay ministries. I look forward to the possibility of serving as a General Convention Deputy again and representing the Diocese of Central Florida in the larger Church.
